Ill fares the land to hastening ills a prey
Where wealth accumulates and men decay.
Princes and lords may flourish or may fade
A breath can make them as a breath has made.

But a bold yeomanry their country's pride
When once destroyed can never be supplied.
Can father expect their sons to grow up to manhood and be good and useful men when they live in violation of the laws of God and man?

Can mother expect their daughters to be sweet and pure women when they are neglectful of a mother's most sacred duties? Sometimes a mother's pure life, great love and earnest pleading, a father's strong devotion and manly example availeth nothing, but nine times in ten the example of the parent decides the life and destiny of the child. Such is history. To parental negligence is attributable ninety-nine per cent of the sin and shame of our country. Let each father live as he would have his son live, and let each mother live as she would have her daughter live, and sin and shame will disappear.

Newspaper subscriptions are infallible tests of a man's honesty. They will sooner or later discover the man. If he is dishonest he will cheat the printer some way, say he has paid what he has not; declare that he has a receipt somewhere, or sent money, and it was lost in the mail, or will take the paper and not pay for it on the

ground that he did not subscribe for it; or move off leaving it to come to the office he left. Thousands of professed Christians are dishonest in this particular at least, and the printer's book will tell fearful tales in the final judgment.—Greenfield Times.

FALL RIVER.

Editor DEM—

Miss Ethel Hagan has gone on a visit to some little friends up near Pulaski.

Quite a crowd of our young people went to Zion on the 22nd heard an able sermon, delivered by Rev. J. W. Gilbert, all report a nice time.

Dr. Powell, of Mockeson, was called to our village to see the infant of Mr. and Mrs. Wilson Williams, which is very sick. We seldom have need for a doctor on Fall River, and I don't suppose a more healthy neighborhood could be found.

Miss Mattie Hagan has been suffering with tooth ache this week. She says that tooth ache and a lot of school children don't go well together, otherwise they are moving on nicely.

We have some anticipations of a fishing party.

Our Sunday school is now spoken of as a thing of the past, but we lay no fault to our superintendent he comes when no one else does.

COMMENTS

Of those who have been cured or greatly benefited by using The Electropoise.

ALABAMANS.

Capt. T. H. Hobart, conductor on the Louisville and Nashville Railroad, Decatur, Ala. used it on his baby for nervousness and indigestion, the doctors having said the child could not possibly live a week. From the first application of the Electropoise he began to improve, and now after two weeks use of it he is entirely recovered.

George S. Vatrou, Mobile: "The Electropoise has been of great value to me, curing me of a distressing case of hay fever of ten years' standing, and my entire household use it as a prompt cure for colds, fever, sore throat and violent pains."

Joseph Williams, Stevenson: "The Electropoise has entirely cured my rheumatism and my general health is much improved."

Rev. S. J. Knowles, Headland: "The value of the Electropoise is inestimable."

A similar list could be given from other states. There are many others, but the testimony of such men ought to convince the most skeptical. Don't impose upon their time and patience. It is our business.
